

Notification of Serious Incidents to Equinor:

Serious incidents that shall immediately be reported orally to OPC (Equinor Marin):

- Personal injuries that requires medical intention
- Technical deviation which affects the operational capability of the vessel
- Near miss incidents with serious potential

****Serious incidents that shall first be reported orally to Offshore Installation Manager (OIM) (via established communication channel):**

- Incidents within the Safety Zone where the vessel represents a risk towards the Installation

NB! In the case of incidents onboard your own vessel which require assistance from RCC, the vessel must request this on its own behalf.
